MAGNOLIA JUMBO EXHIBITION

PANSY SEED FOR THOSE WHO DEMAND

THE BEST

Many blooms in the field measured over 4 inches from this Sensational Strain. The plants are extra hardy and produce a Massive Root System, enabling them to flower well into the hot weather. The flowers of vivid colors are firm and full and are borne on exceedingly strong stems. Seeds are procured by hand pollenization of flowers all carefully selected from the Biggest and Best.

"COLUMN STOCK" is one of our major crops. Amongst our trials this year, we grew variety "GARDENIA". It was grown next to what we thought the best white, but there is no comparison. The spikes are long, good stiff stem, well placed flowers, good fragrance and the color is a pure white. We will no doubt grow variety "GARDENIA" for white entirely, next year.
